A MESSAGE FROM THE HEAD OF SCHOOL

SAQLAIN WILDMAN, HEAD OF SCHOOL

Dear Students, Parents, and Prospective Families,

Welcome to LAX Academy, where we believe that education is more than the pursuit of academic achievement—it is the foundation upon which future leaders, innovators, and champions are built.

At LAX Academy, our mission is to create an environment where students are encouraged to discover their potential, develop their talents, and pursue their ambitions with confidence. We recognize that every student has a unique set of abilities, interests, and aspirations. Our responsibility is to help them transform those abilities into meaningful opportunities for the future.

Through our commitment to academic excellence, athletic development, and creative expression, we seek to provide an educational experience that extends beyond the traditional classroom. We believe that discipline, resilience, integrity, and a commitment to continuous improvement are essential qualities for success, both in education and in life.

Our approach is built on the understanding that students should not have to choose between their education and their passions. Instead, we strive to create pathways that allow them to pursue both, preparing them for higher education, professional opportunities, and the challenges of an increasingly interconnected world.

To our parents and families, we recognize the trust you place in us when you consider LAX Academy for your child's education. We view that trust as a responsibility and remain committed to supporting each student's growth, development, and aspirations.

To our students, I encourage you to approach every opportunity with curiosity, determination, and an open mind. Dream ambitiously, work diligently, and understand that success is not defined solely by where you begin, but by the dedication and character you demonstrate along the way. At LAX Academy, we are not simply preparing students for their next examination, competition, or qualification. We are working to prepare them for life beyond the classroom.

Your potential is the starting point. Your dedication will shape the journey. Your future is yours to build. Welcome to LAX Academy.

DISCOVER LAX ACADEMY

Education built around ambition.

A connected learning environment where students can pursue academic goals while developing their talents in sport and the creative arts.

LAX FC x LAX FC Women's training joint session

MORE THAN A CLASSROOM

At LAX Academy, education and personal development work together. Our approach brings academics, practical training and guidance into one student journey—helping learners prepare for the next stage of education, sport or creative work.

Learn

Academic pathways designed to support progression.

Develop

Training and practical experience to build skills.

Progress

Guidance toward college and future opportunities.

Main campus: Callaway, Florida

ACADEMIC PATHWAYS

A pathway for every stage.

Explore educational options from elementary and secondary school through tertiary study.

Elementary

Build strong foundations in learning, confidence and personal development.

Tuition: \$5,500/semester

High School

Pursue a U.S. High School Diploma pathway, college preparation and advanced coursework.

Tuition: \$7,950/semester

Tertiary Education

Explore bachelor's through doctoral-level study opportunities through partnership with the Florida State University (FSU PC Campus) and Gulf Coast State College.

Tuition: \$6,000 - \$20,000/semester
depending on degree type and credits

Beyond the Classroom

Complement academic learning with athletics, creative arts and practical development. LAX Academy in Partnership with LAX Global has placed and/or arranged trials for student-athletes in our 45 clubs and organisations worldwide.

Tuition: \$1,500 - \$3,000/semester or season | Athletics / Creative Program Only

A FLEXIBLE, STUDENT-CENTRED APPROACH

Where appropriate, online academic learning can be paired with face-to-face practical training and coaching. The above pricing includes both academic and athletics.

Program availability, admission requirements and partner-degree details should be confirmed with the Academy.

HIGH SCHOOL PROGRAMME

Prepare for what comes next.

LAUREL SPRINGS
SCHOOL

An academic pathway designed for students who want to keep higher education and athletic opportunities in view. In partnership with Laurel Springs School.

Academic focus

- U.S. High School Diploma pathway
 - 165+ NCAA-approved courses listed by the Academy
 - AP and college-preparatory options
 - Flexible online learning where suitable
- Self-paced, mastery-based learning so students can train, travel and compete at any time.

COLLEGE-READY SUPPORT

Students can work toward academic progress while developing the habits, confidence and planning skills needed for post-secondary study.

Academic planning

Course selection and preparation for future study.

Student development

A broader experience that values learning, effort and growth.

6, 200 Graduates

students have graduated from our school in our 30+ years of experience - LSS

300K+ In Scholarships

All of our players who matriculated to college/university received a full scholarship or at least 21k in scholarship for selected institutions.

Course approval, diploma eligibility and NCAA requirements depend on the individual student and programme. Confirm details with the Academy before enrolling.

TERTIARY EDUCATION

Keep your future in motion.

Explore higher-education pathways alongside professional development in athletics or creative arts.

AREAS OF STUDY

Business

Develop commercial and leadership knowledge.

Law

Explore legal education pathways.

Technology, Engineering & more

Computer science and other fields may be available.

DEGREE PATHWAYS

Opportunities ranging from bachelor's to doctoral study through partner Florida State University (FSU PC Campus) and Gulf Coast State College.

Specific degrees, accreditation, locations, admission standards and delivery arrangements vary by partner and must be verified before enrolment.

TALENT MEETS OPPORTUNITY

Train your craft. Grow your confidence.

Practical development can sit alongside academic study, helping students build skills in and beyond the classroom.

Athletics

Training, coaching and competitive development opportunities, with sport as a key pathway.

Creative Arts

Practical learning opportunities may include acting, music and film production.

LEARN BY DOING

A blended approach can combine online coursework with in-person coaching, rehearsals and hands-on practice.

Training schedules, facilities, team placement and creative-arts offerings depend on the programme and student eligibility.
